CEE NORM PLUGS & SOCKETS

HEAVY DUTY CONNECTORS

MOBILBOX

4,000+ products

that contain :

- 1x16A Plugs & Sockets
- Aluminium Enclosures
- Aluminum Button Boxes
- CEE Norm Plugs & Sockets
- Combination Boxes
- Heavy Duty Connectors
- High Current Connectors
- Installation Products
- Minibox
- Mobilbox
- Single Pole Connectors
- Switched Interlocked Sockets
- Thermoplastic Enclosures
- Thermostat Box

Passion for Quality

Pizzato Elettrica is one of the leading European manufacturers of position switches, microswitches, safety devices, safety modules, foot switches, control and signalling devices, and devices for elevators. An entrepreneurial company such as Pizzato Elettrica bases its foundations on a solid and widely shared value system. The pillars that form the basis of the company's work have remained constant, and constitute the fundamental guiding principles for all company activities

POSITION SWITCHES

SAFETY DEVICES

HUMAN-MACHINE INTERFACE

7,000+ products

that contain :

- Position switches - Devices for detecting position and movement
- Safety Devices - Safety-related equipment and switches
- PLCs & Safety Modules - Programmable logic controllers and safety
- Human-machine interface - Control panels, buttons, and interface devices
- Lift Devices - Equipment specifically for elevator/lift applications
- Accessories - Supporting components and accessories

SALICRU

Design, manufacturing and support
for uninterrupted power solutions

Salicru is Spain's leading power electronics manufacturer, specializing in electrical protection by 1965 systems and energy solutions. Founded in Jacinto Salicru in Sant Celoni, Barcelona, the company began as a voltage regulator transformer manufacturer and has evolved into a global leader in power continuity and energy efficiency solutions

UPS - UNINTERRUPTIBLE POWER SUPPLY

VARIABLE FREQUENCY DRIVES

SOLAR PHOTOVOLTAICS

7,000+ products

that contain :

- UPS - Uninterruptible Power Supplies (Core business)
- Photovoltaic Solar Inverters
- Variable Frequency Drives
- DC Systems
- Transformers and Autotransformers
- Voltage Stabilisers
- Accessories

SIEMENS

A global technology leader driving innovation in industry

Siemens AG is a leading German multinational conglomerate and Europe's largest industrial engineering company, headquartered in Munich and Berlin. It focuses on automation, digitalization in industry, intelligent infrastructure for buildings, transport systems, and healthcare technology, often bridging the physical and digital worlds.

SIMATIC INDUSTRIAL MONITORS

ADVANCED VARIABLE FREQUENCY DRIVES

PLC ACCESSORIES

1,700+

High-level solutions

that cover :

- Automation & Drive Technology
- Smart Infrastructure
- Mobility (Rail Transport)
- Software
- Medical Technology (Healthineers)

More than Sensors

Since 1978, when Aeco was founded in Inzago-Mi we follow step by step the growth of our customers. A gradual process but in continuous evolution which has resulted in a significant growth to achieve new goals and satisfy customer's requirements that are more and more focused on high quality products.

Our sales channel, agents and distributors working throughout the Italian territory and in more than 50 Countries worldwide where Aeco is represented. A dynamic presence always at customer's disposal to suggest innovative solutions (in the automation/sensors field). An effective internal pre and after sales customer service to guarantee the right support to the various technical issues and to satisfy even the most demanding customers.
